Spring 2003

Project Timeline:

Project Proposal	February 12, 2003
Project Progress	March 15, 2003
Project Presentation	April 9, 14, 16, or 21, 2003

- The project proposal should be no more than one or two pages and should give a brief overview of the project and list the names of the team members involved.
- The project progress will consist of a meeting of all the team members and myself to discuss the progress to date.
- The project presentations will be 15 minutes long for an individual project and 10 minutes long per team member for a group project. Team members are encouraged to have a face to face consultation with a Writing Center consultant to streamline their presentation.

Past Projects have included:

Neural Network Implementation
FIFO
A Graphics Algorithm for Triangle Iteration and Fractional Pixel Coverage
MC6840
Flanging Effect Digital Audio Processor
Bowling Score Keeper
RC5 Security
Pipeline MIPS Processor
Alarm Clock
Software Instrumentation Sample Capture Model
Demand-Driven FIFO
Digital Phase-Locked Loop
PIC 8-Bit Microcontroller
Step Motor Controller
Stereo Chorus Effect Signal Processor
