

EE 504-Graduate Section Only
Project Requirements

You are to write a short paper explaining the operation of a commercial system that relates to the ideas covered in class. The report should be the length of a conference paper, approximately 5 pages formatted according to IEEE conference proceedings documentation. You will present your paper as a conference style presentation. Prepare for a 20-minute presentation. Your presentation will be on the last day of class, December 5, 2006. The report will be due at this time. Make sure the written report is properly documented. If you have questions about what needs to be cited or referenced, please ask. As a student of UAH, you are bound by the student handbook that has a definition and appropriate punishments for plagiarism.

You may choose from the following list of topics:

- Blackberry
- WiFi
- WiMAX
- Blue Tooth
- RFID

Other topics are possible with my approval. To avoid duplication, please email me your choice of topic. If your topic has already been chosen, you must pick another topic.
